

10.1" 3D LUT Touchscreen Monitor

Daylight Viewable|F970 Install and Power Kit

User Manual

Foreword

Thank you for purchasing our 10.1-inch Full HD touch screen monitor. Please read this manual carefully before using the unit. Have a great experience!

CAUTION

1. Please avoid the heavy impact and drop onto the ground when move the product.
2. The screen of this product is made of glass.Keep away from injury if the screen is broken.
3. Keep the product away from the heat source, and avoid the prolonged exposures to the sun as the LCD screen will be damaged.
4. Please do NOT use chemical solutions to clean this product. Please wipe the monitor with a clean soft cloth to maintain the brightness of the surface.
5. No adjustable components are in the monitor. Please do not take apart or repair the unit by yourself, to avoid the damage of the product.

Key Features

- 10.1-inch 1920x1200 full HD IPS screen
- Touch screen menu operation, improve shooting efficiency
- 2000nits daylight viewable (Light Sensor)
- New menu interface, more intuitive and intelligent
- Dual HDMI inputs support up to 4K@60Hz, 3G-SDI (optional)
- Support HDR monitoring, what you see is what you get

- Support 3D LUT Log to REC.709 and user 3D LUT upload(up to 50)
- Sony F970 external install and power kit design can be used to install and supply power to external equipment, easy to install and disassemble, simplify your photography equipment.
- With Waveform, Vector scope, Histogram, Focus Assist, Monochrome etc. functions, can help you accurately exposure and focus every shot.
- Stereo Earphone output
- DC 8V power out to power your DSLR camera or mirrorless camera
- Built-in Tally Indicators (Red, Green, Yellow)
- Dual F970 battery slots

1. Product Description

1.1 Button Instruction

- ①. **Power/Touch Function Button:** Long press to turn on/off power; short press to turn on/off the screen touch function.
- ②. **F1 ~ F3:** Custom function buttons
- ③. **Light Sensor:** The backlight mode under the icon  is set to Auto, and the brightness of the backlight can be adjusted automatically by the light sensor.
- ④. **MENU:** See details: **2.2 MENU Wheel Menu Operation in 2. Menu Operation Instruction.**

1.2 Port Instruction

①. SD Card Slot

3DLUT upload via SD card and for firmware upgrade

②. Power/Touch Function Button

Long press to turn on/off; short press to turn on / off the screen touch function.

③. F970 External Install and Power Kit

④. 3.5mm Headphone Jack

⑤. DC OUT 8V Power Output

Connect the optional dummy battery cable to power camera.

⑥. DC 12V Power Input

⑦. HDMI Signal Output

⑧. HDMI Signal Input 1

⑨. HDMI Signal Input 2

⑩. SDI Signal Output (optional)

⑪. SDI signal input (optional)

⑫. Tally Light Input

1.3 Power Supply Way

(1) The rear cover of the monitor is equipped with dual F970 battery plate, which is applicable to F970 series of batteries.

Sony F970 battery plate for battery of Sony DV:

Sony F970 F960 F950 F930 F770 F750 F730 F570 F550 F530 series

Remark: It is recommended to use standard original F970 batteries. Different specifications of the battery have different capability. The working time for the monitor will be different. Higher capability (working time) will be longer. Please take off the battery from the monitor if you don't use the monitor in a long time.

●Battery switching instruction

- When the battery/batteries is/are placed in the battery slot(s), battery icon will appear on the upper right of the screen.
- White battery icon: working; Gray battery icon: not working.
- Manually switching: Double-tap the gray battery icon and it will be switched to a working state in about 3 seconds, then it will be turned white.
- Automatically switching: Automatically switch to another charged battery when one battery is exhausted.

(2) **DC IN 12V:** DC power input, polarity as the input power

, Barrel (5.5mm outer, 2.1mm inner) at the bottom of the monitor, DC 7~24V Input.

(3) **DC OUT 8V:** DC power output interface, polarity as the output power 

Barrel output for powering your camera with a separately available DC coupler via adaptor (NP-FW50 Sony & LP-E6 Canon&DMW-BLF19 Panasonic). More adapters coming soon.

1.4 Sony F970 Install and Power Kit

A Sony F970 external install and power kit design is added to the back of the monitor. The external kit can be used to install and install the external equipment, like wireless transmitter, LED light, video converter and others which can be powered by Sony F970 battery.

The kit has two cross grooves, you can adjust the position of the external device by loosening 2 screws up and down / left or right, or install the kit upside down. When you don't need the kit, you can loosen the screws and remove the kit.

Note: Before disassembling the kit, make sure that the monitor is turned off, and then remove the battery or power adapter.

(1) Just move the kit: Loosen 2 screws, and then adjust up / down / left / right.

(2) Steps to remove the kit:

- ①. Loosen the 2 screws.
- ②. Use both hands to move the kit up.
- ③. Move the round holes to the corresponding 2 screws.

(You can also install the kit upside down.)

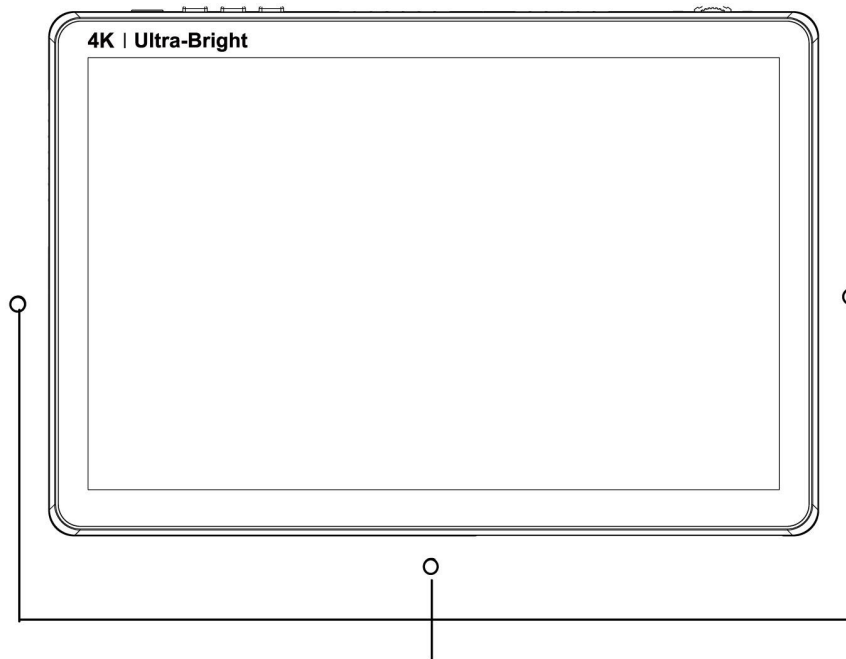

④. Then gently lift the kit upwards and carefully disassemble the 2P power cord.

⑤. Then remove the 2 screws.

1.5 Mount Points

There are (3) 1/4-20 thread points (bottom, right & left) can be easily connected to the hot shoe mount, tripod fixed installation.

(3) 1/4-20 thread points

U-shape Bracket Mounting

1.6 TALLY Indicator Connection

Indicator Color	Pin connect
Green	1-5
Red	6-5
Yellow	9-5

2. Menu Operation Instruction

After the monitor is properly connected to the power supply, the  button display (red indicating). Long press  button to turn on the monitor and turns yellow indicating. After the signal is connected, the  button turns green indicating.

After startup, short press  button to select to turn the screen touch function on or off.

2.1 Touch Screen Menu Operation (turn on the screen touch function)

- ①. Double-click on the screen to open the main menu (show on the left side of the screen) and click on the corresponding menu to display the secondary menu. You can enter the corresponding function option and click directly to select or set. Click the touch screen to exit the menu.
- ②. When the menu is not displayed, swipe up from the bottom of the screen to open the shortcut menu, and click on the corresponding

menu box to open or set the corresponding function. Click 

the hide icon to close detailed parameters, and click

the menu icon to display detailed parameters.

- ③. When the menu is not displayed, on the left side of the screen (1/2 split screen), you can directly adjust the brightness of the screen backlight; on the right side of the screen (1/2 split screen), you can directly adjust the volume.

Figure:

5. Technical Parameters

Panel Size	10.1" touch screen
Resolution	1920 × 1200 pixels
Dot Pitch	0.113(W) x 0.113(H) (mm)
Aspect Ratio	16:10
Brightness	2000cd/m ² (Light Sensor)
Contrast	800:1
Viewing Angle	85°/85°(L/R) 85°/85°(U/D)
Backlight	LED
Input	SDI (optional), HDMI
Output	SDI (optional), HDMI, DC OUT 8V
Audio	3.5mm Stereo Headphone
Power Input Voltage	7~24V
Power Consumption	≦28W

Unit Size	242Lx165Hx23D (mm)
Unit Weight	810g
Mount Points	(3) ¼-20 thread points (left, right, bottom)
Working Temperature	-10°C ~ 50°C
Storage Temperature	-20°C ~ 60°C

6. Trouble Shooting

6.1 Only black and white or monochrome picture:

- ① please check saturation, brightness & contrast adjustment.
- ② Please check "Monochrome" is in black, white or monochrome image or other condition.

6.2 NO Image after put on the power

- ① Check if signal cable connecting is in good condition.
- ② Check signal cable connecting, and make sure to use the standard adapter to connect the monitor. If power is supplied by battery, please check if the battery is fully charged.

6.3 Earphone No sound

- ① Check if Volume control do not open, press the volume button, and try to increase the volume.

■ If there are still other problems, please contact with our related technologists.

★ As we are improving product features and product performance, so if there is any change on the specification without prior notice.
