■ Welcome To Proaim!

Dear Client,

On behalf of all the people that work so hard to provide you with the most upto-date, flexible and cost-efficient production gear, we would like to welcome you into the Proaim family.

By purchasing your Proaim BMP60 R Pro Long Blimp Microphone Windscreen, you have just joined a host of designers, engineers, machinists, assembly, customer service and office staff that take great pride in all that they do. Our mantra of continuous improvement has been the guiding principle of how we conduct our business since day one.

Once you have the opportunity to experience your new Proaim BMP60 R Pro Long Blimp Microphone Windscreen, we hope you will agree that we craft quality products at a competitive price. Products designed to meet and exceed the standards of today's real production world.

Standards set by our valued clients and standards we strive to maintain. With Best Wishes, Proaim Team

With Best Wishes,
Proaim Team

■ Introduction

Say good-bye to unwanted noise and shock vibrations after using Proaim Microphone Blimp! Whether you are shooting a wedding or world news or an outdoor event, you need a professional audio. Microphone Blimp which is essentially a hollow cage with an acoustic cover creates a volume of still air that surrounds the microphone. An elastic microphone suspension system further isolates the mic from the cage. Refinements to our BMP60 R Blimp Microphone Windscreen make it ideal for outdoor use for Audio Recordings, ENG, Film and Video productions

■ What's In The Box

Please inspect the contents of your shipped package to ensure you have received everything that is listed below.

60cm Blimp windshield with microphone suspension and handle

60cm Synthetic Fur Cover

Bonus 6 pc. Boom Pole Adapter Set

Mic Holders

Accessories

■ Assembling

- Adjust handle by tightening and loosening the knob, according to your requirement. Then open the semi-sphere end cap by slightly rotating it.

- Open locking clips at both ends of the blimp cage. Slide-out the cage to detach it from mic holder rod.

- Insert three kinds of Holder Clamps in the insertion slots to use different mics with different diameters.

- Insert Mic into the suspension system and connect it with connector cable. Slide-in the blimp cage to attach it back to handle.

- After insert the suspension system into the Blimp Cage, close the cage with the extension blimp. Close the Blimp windshield with the end cap.

- After inserting, close the Blimp Windshield back with end cap.

- You can also use Fur Cover, as shown, to minimize the noise.

WARRANTY

We offer a one year warranty for our products from the date of purchase.

We will repair or replace your product, free of charge, in the event of a defect in materials or craftsmanship obtained during normal use or handling based on the user manual.

Please note that we will not cover any shipping costs for returning the product to us. If any VAT or import duties are applied to the return, we will also charge these costs to the customer.

The warranty does not include, by the way of example, damage caused by products that we donot supply or from mishandling in transit, accident, misuse, neglect, lack of care of the product , or service by anyone other than our company.

We are not liable for incidental or consequential damages resulting from the use of the unit or occurring due to any breach of this warranty.

Replacement parts of the product will be provided at nominal cost (covering the cost price of the replacement parts only) to the customers after the Warranty Period has expired. We will cover the complete cost of sending replacement parts within the warranty period. After that, Nominal cost of the product & Actual shipping cost will be charged.

Do not send the unit to us without first getting a response and getting the approval to send back the item.

In case of any kind of dissatisfaction, we urge you to Contact us immediately and we shall do our best to help you out.

For any other assistance you can reach us via email.
